Secretary

Hatboro, Pa.
April 6, 1936

The regular meeting of Borough Council was called to order at 8:15 by President Morris. Members present, Morris, Binder, Bussinger, Craven, Hamburg, Krewson, Suntheimer, Boro Treasurer Watson, Boro Solicitor Duffy, and Boro Engineer Mebus.

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

Mr. Schoenhut and Mr. Hazel of the Oscar Nebel Co. were present, and presented a letter and advised a representative of the Health Department at Harrisburg had called on them and stated he felt that arrangements could be made whereby they could turn their dye disposal into the sewers, providing they started in by disposing about 10% of same at one time, and then increasing it. Mr. Schoenhut discussed the matter at length, and on motion of Binder, seconded by Suntheimer, it was decided to write the Department a letter regarding the matter; Borough Enginner Mebus to frame the letter.

Mr. Harry Wilcke, Jr. was present, and discussed the matter of connecting to sewer in front of B. M. Hammon's property. He explained the exact situation; after which on motion of Binder, seconded by Craven, it was decided to permit Mr. Hammon to connect with the lateral in front of his present dwelling.

Street Committee, Mr. Craven reported that stone had been placed on streets on Hatboro Farms. The grader had been working on streets, and some patching had been done; and work would be continued.

He also reported the P.R.T. would re-route their buses over Byberry Avenue to Penn Street over the original right-of-way, and same would be started within thirty days.

On motion of Craven, seconded by Binder, the Secretary was asked to write the State Highway Department, calling their attention to the bad condition of Montgomery Avenue, between Jacksonville Road and York Road.

Mr. Craven also suggested that in the future the sewer bills be paid at the Hatboro National Bank, instead of to the sewer clerk. The matter was discussed, and it was decided to give it further consideration at a later date.

On motion of Binder, seconded by Hamburg, it was decided the Sewer Clerk should give the Secretary of Council information with reference to property owners who are not yet connected with the sewers; and that we should advertise for bids in the Public Spirit.

On motion of Craven, seconded by Binder, it was also decided to advertise for bids for collection of garbage.

The Secretary informed Council he had taken the matter up with the County Commissioners, and eight booths would be furnished for election purposes prior to the Primary Election, April 28.

It was decided to have Clean-Up day on May 5 and 6. The matter was left in the hands of the Street Committee, with power to have the work done. It was also decided to advertise same in the Public Spirit.

Borough Solicitor Duffy brought up the question of the sewer lien on the Weir property on Jacksonville Road and on Wood Street. He stated the amount on Jacksonville Road was approximately $1500; and that the total bill was $3200. The mortgagee, represented by Herbert Jenkins, Esq., had made an offer of $1500 for the entire lien. On motion of council it was decided not to accept same.

On motion, the Secretary was directed to bill W.W.Wilgus for the permit for sidewalk and curb, taken out November 15, 1935, remittance for which had not been received.

Mr. Craven reported that Town Hall and Fire House was about completed, and appeared to be satisfactory to most of the tax payers.

Circular letter was received from the County Commissioners, with reference to the County Aid Program for the year 1936. The Secretary was asked to secure from them the approximate cost of oiling the roads that were constructed last year on Hatboro Heights, and Penn Street.

The Secretary was directed to bill Upper Moreland Township in the amount of $395.16; their share of expense in connection with the sewage disposal plant.

Mr. Binder, Chairman of the Sewer Committee, reported that the daily average flow at the disposal plant was: Hatboro 205,000 gallons, Upper Moreland 104,000, or 34%.

On motion of Krewson, seconded by Binder, Councilman Craven was given authority to purchase a clock for the Council room, same not to cost over $5.00.

Councilman Hamburg presented an auditors report from Frank Mather, Harry Watson, and Lindley Walton, Auditors. Same was presented, accepted, and ordered to be published one time in the Public Spirit.

The auditors presented a bill for $50.00 for their services; $15.00 each, and $5.00 additional for copies furnished by Mr. Mather.

Letter was received from the Philadelphia Electric Company, under date of April 2, submitting a proposal to change the present lights. It was discussed, but no action taken at this time.

Letter was received from the Cincinnati office of the Ahrens-Fox Fire Engine Company, with reference to making semi-annual inspection of the fire engines.

Letter was also received from the New York office of the Ahrens-Fox FireEngine Company, dated March 13, with reference to the above matter. On motion of Binder, seconded by Krewson, the Secretary was authorized to write the company to make the semi-annual inspection, beginning November 1936, and not in May as suggested in their letter, inasmuch as the engines had recent attention.

Sewer Clerk Holweger made his report as follows:

Collections: 1934 rents $5.42, 1935 rents $18.00, 1936 rents $2464.39, penalties $2.34, laterals $40.00, plumbers plans $5.00; Total $2535.14. This amount has been turned over to the Borough Treasurer and receipt taken therefor.

Outstanding: 1933 rents $151.71; 1934 rents $298.81; 1935 rents $570.50; laterals $540.00.

The matter of the lane between Town Hall and the Suntheimer property was discussed, and it was agreed to place a black top on same; with the understanding that the expense be divided equally between the Borough and Mr. Suntheimer.

On motion of Binder, seconded by Suntheimer, it was agreed to transfer $2500 from the sewer account to the general account.

Mr. Clifford Winner and Mr. Harvey McCall were present, and informed Council the bills expended for the Memorial Day celebration amounted to $37.89. They thanked Council for their cooperation. On motion of Binder, seconded by Craven, the bills were ordered to be paid.

Mr. Alvin Winner, Chief of the Enterprise Fire Company was present and made several recommendations with reference to new fire plugs and re-location of certain present fire plugs. The matter was discussed at length, and left in the hands of the Water Committee for consideration.

Sewer Committee, Mr. Binder, reported the flow of water from Hatboro was 88%, Upper Moreland 12%. The Secretary was instructed to bill Upper Moreland Township in the amount of $246.45, for their share of expense in connection with the sewage disposal plant.

Councilman Binder reported they had a special meeting of the sewer committee last Thursday evening, at which time plumbers of the town met. He informed Council to do the work, it would require 3200 feet of 5 inch terra cotta pipe (approximately); 5 ton of Portland cement (approximately); 400 feet of 4 inch soil pipe (approximately). On motion of Binder, seconded by Hamburg, it was decided to advertise in the Public Spirit for bids on same.

Mr. Binder informed Council the Philadelphia Elec. Co. had submitted certain plans for having the arrangement at the sewage disposal plant changed, whereby it would be a saving of approximately $300 per year. Council could rent a transformer for about $200 per year, and the company would take care of the upkeep and overhead on same; or one could be bought for $600. On motion of Binder, ~~seconded by Hamburg, it was decided to advertise in the Public Spirit for bids on same.~~

seconded by Bussinger, the officers of the Borough were given authority to enter into an agreement with Upper Moreland Twp. providing the agreement was satisfactory to the Sewer Committee.

Street Committee, Mr. Craven, reported they had done some patching on the streets throughout town. He also reported one of his helpers, Mr. Raisner, was moving out of town, and he was given authority to employ a man at 35¢ per hour. He gave Council information with reference to price of dust oil, required for the dirt streets of Hatboro, and recommended that one car be bought, to which Council agreed.

Mr. Craven also presented prices of stone from various concerns, and it was decided to continue with the Rushland Quarry.

Quotations from Interstate Asphalt Co., Inc.,Quakertown, Pa. and Bituminous Service Company, Inc., West Chester, Pa., were received and ordered to be filed.

The regular meeting of Borough Council was called to order at 8:00 P.M. by President Morris. Members Present, Morris, Krewson, Hamburg, Binder, Craven, Bussinger, Burgess Wilgus, and Borough Treasurer Watson.

Minutes of the special meeting of July 27, were read and approved.

He also reported the water and drainage condition under the Rothwell store on South York Road, now under repairs, is in bad condition and should have consideration at this time. The Secretary read a letter from Edward Foulke, Esq. under date of July 29, giving his opinion as to what the Borough's rights were. Mr. Craven informed Council he estimated it would cost about $200 to place a concrete culvert with a sealed top underneath the building. Inasmuch as it was practically a storm sewer for the Borough, he felt the Borough should bear some of the expense. He informed Council, Rothwell would pay one-half of the cost. On motion of Krewson and Binder, it was authorized to have the work done.

Mr. Craven also recommended at a future date the creek be walled up beyond this property to the Garner property.

The matter of Byberry Avenue sidewalks was discussed, and progress reported; same being held over until the Borough Solicitor returns from Europe.

Secretary

Hatboro, Pa.
September 8, 1936

The regular meeting of Borough Council was called to order at 8:10 P.M. by President Morris. Members present Morris, Krewson, Binder, Bussinger, Craven, Hamburg, Burgess Wilgus, Borough Treasurer Watson, and Borough Solicitor Duffy; Borough Engineer Mebus.

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

Mr. Clinton Smith and Mr. Moyer, representing the Trevose B. & L. Ass'n, were present with reference to the Borough connecting to sewers at their property 236 Tanner Avenue. They informed Council they had already engaged Mr. Luddy to do the work at a price of $48.00. They objected very much to paying the bill charged by Mr. Wilcke, in the amount of $68.22. The matter was discussed at length, and Council decided inasmuch as notice had been given that the sewers should have been connected two or three years ago, they would have to insist on Mr. Wilcke's cost of installation.

Chief Forien called on Council and complained with reference to not receiving detailed information from one of his officers. The matter was discussed and left in the hands of the Public Safety Committee and the Burgess to adjust.

Mr. Mebus was present and presented plans, at the request of Mr. Craven, with reference to placing sewer on Jacksonville Road, between Montgomery Avenue and Moreland Avenue to take care of the property belonging to Walter Craven. The matter was discussed but no definite action taken. It was decided to carry it over for further consideration.

Mr. Mebus gave information with reference to drainage at Jacksonville Road and Montgomery Avenue. On motion of Krewson, seconded by Binder, the Committee were authorized to attend to same at an approximate cost of $100.

The matter of drainage from Williams Lane through the Suntheimer property was also discussed, and it was decided to hold it over until the next meeting.

Mr. Craven again called Council's attention with reference to sidewalks on Byberry Avenue East of the Railroad, and Borough Solicitor Duffy and the Secretary were asked to give same attention and see that proper notices were served.

Mr. Craven also reported that the viaduct under the Rothwell Bldg. had been completed and Mr. Rothwell had been billed for one-half the cost.

Mr. Craven also asked whether bill to George Bennett had been taken care of, and also bill against Stephen Mason for $7.50. He also inquired about bill against James Jackson.

The Street Committee were given authority to advertise the old boiler that was in Town Hall, if necessary.

Mr. Craven recommended that a storm sewer be built from the Rothwell Bldg. across the Garner lot. He seemed to think it would cost around $500. On motion, it was decided to get estimates and ascertain what protion, if any, the property owners should pay toward the cost of same.

Sewer Committee, Mr. Binder, advised Council he had received a report from the Sewer Clerk with reference to drainage at 7, 9, 11, and 13 S. York Road that they were not connected satisfactorily. He also brought up the matter of connecting sewers at the tenant house on the Wunderle property. On motion of Binder, seconded by Krewson, it was decided that the Borough Solicitor should prepare notices to be sent to property owners to discontinue the use of outside toilets.

Mr. Binder reported they required at the Sewage Disposal Plant a gas burner that would cost $80, and a flame trap, $75.00; gas meter $25., electric wiring $113.33. On motion of Binder, seconded by Krewson, it was decided the recommendation of the Committee be accepted.

Mr. Binder informed Council the daily average flow at the disposal plant was Hatboro 123,323, Upper Moreland 43,205 gallons, or 26% for Upper Moreland. The Secretary was directed to bill Upper Moreland in the amount of $197.48, their share of the expense in connection with the disposal plant.

Sewer Clerk Holweger made his report of sewer work for the month of August, as follows:

COLLECTIONS: 1933, 1934, 1935 rents, none; 1936 rents $32.83; penalties $1.20; laterals $530.00, plumbers registration $20.00; total $584.03. This amount has been turned over to the Borough Treasurer and receipt taken therefor.
OUTSTANDING: 1933 rents, $157.71; 1934 rents, $298.81; 1935 rents $557.50; laterals $730.00.

Burgess Wilgus reported he had appointed the following Boro officers to be discharged at will; compensation to be $1.00 per year: Alvin Winner, Adam Bustard, Russell Duckworth, George Duncan, Millard Chatburn, and Charles Foster.

Letter was received from the Philadelphia Electric Co., under date of August 25, returning executed contract with reference to service at the Sewage Disposal Plant. Same was ordered filed in the Borough Safety Deposit box.

Letter was received from J. A. Hysore of the Provident Trust Co., advising they would attend to the connection of sewers at premises 15 S. York Road, and that work would be started after September 15.

Letter was received from the Philadelphia Electric Company, under date of September 3, advising that from now on it would be necessary to make a charge for service at Town Hall.

The Secretary read a letter received from the Department of Health, under date of August 21, with reference to the disposing of waste of the Oscar Nebel Company in the sewage system.

Jesse O. Binder
Secretary Pro Tem.

Hatboro, Pa.
February 1, 1937

The regular meeting of Borough Council was called to order at 8:15 P.M. by President Morris. Members present: Morris, Craven, Bussinger, Binder, Hamburg, Suntheimer, Borough Treasurer Watson, Borough Solicitor Duffy, Borough Engineer Mebus, and Burgess Wilgus.

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

Mr. Charles Crouthamel of Penn Street was present, and called Council's attention to the unsanitary and unsafe condition of the houses opposite the Hatboro Station occupied by colored tenants. He seemed to think they were a nuisance and some action should be taken whereby they could be removed. The matter was discussed, but nothing definite done.

Mr. Crouthamel also brought up the matter of trying to get the Reading Railroad Company to change the name of Fulmor Station to South Hatboro, and Bonair Station to North Hatboro. This matter was discussed, but no definite action taken; inasmuch as some members of Council believed Walter Rothwell who has real estate holdings in the Fulmor section, would object.

The Secretary was requested to arrange to have the outside toilet at the Wunderle property opposite the bank removed.

The matter of the excessive water flow at the sewage disposal plant was discussed, and Borough Engineer Mebus agreed to send a man to investigate the trunk line, believing this would be an advisable time to do so.

Mr. Binder informed Council that Roberts & Mander were making an extensive addition to their plant on Jacksonville Road on a tract of ground that is now occupied by a bungalow, which will be removed. On motion of Binder, seconded by Suntheimer, Council agreed to permit them to connect the new industrial building to the same lateral previously used at the bungalow property.

Mr. Binder further reported the daily average flow at the disposal plant was: Hatboro 283,152 gallons, Upper Moreland 74,241, gallons their share being 21%.

The Secretary was directed to bill Upper Moreland Township, in the amount of $290.55, their share of expense in connection with the sewage disposal plant.

Mr. Binder further reported the daily average use of water at the disposal plant from the Springfield Water Company was 500 gallons per day. Council, therefore, decided they would not consider further at this time the installation of wells and pumps.

Mr. Craven, Chairman of the Street Committee, reported that Mr. Marino of Manor Road, had requested a fence be placed along the dump on Manor Road and Warminster Street. The Borough had the wire, and on motion of Craven, seconded by Binder, it was decided to comply

with his request.

Mr. Craven further reported the heat unit the Borough now has is worth $69.00 new, and was directed to try to get an offer and submit it to Council for their consideration.

Mr. Craven also asked the Secretary to bill Harry Wilcke, Sr., in the amount of $10.00 for pieces of pipe that were left over from installation of sewers.

Mr. Craven also brought to Council's attention the matter of parking on the North side of Moreland, Montgomery, and Byberry Avenues. The matter was discussed, and it was decided to prohibit parking within one hundred and fifty feet from York Road; Burgess Wilgus to give the matter his attention and have the Borough Police enforce same.

Mr. Craven further reported to Council the necessity of an anti-freeze toilet in the rear of Town Hall. He informed Council Theodore Fulton had quoted a price of $32.00. Inasmuch as no provision had been made in the recent budget, no action was taken for the present.

Mr. Craven also requested the Secretary to write Mr. Keenan of the Reading Company, with reference to the culvert on Jacksonville Road he promised last fall.

He also called attention to the floor of the hose room over Town Hall, and recommended that same be covered with rubberroid at a cost of $10 to $12, so in case of leaking or freezing hose, it would not damage the ceiling of the building. On motion of Craven, seconded by Binder, it was decided to do so, and cost of same to be charged to the fire account.

Mr. Craven also brought to Council's attention the matter of an old twenty inch culvert on Warminster Road that is broken. He was given authority to repair same, if necessary.

The matter of a washout in front of Dr. Miller's driveway on Monument Avenue was discussed. Mr. Craven agreed to investigate same as well as the other roadway on this avenue, and report at a later meeting of Council.

President Morris informed Council they had formed a Community Round Table in Hatboro, and required a representative and alternate from each of the civic groups. On proper motion, Mr. Morris was designated the representative, and Mr. Hamburg the alternate. This group were given the privilege of holding their meetings in Town Hall on the fourth Tuesday of each month. He further stated they proposed to erect a community bulletin board, and it was decided to get permission to have same erected in front of the alley between Town Hall and the Cornell building. This was satisfactory to the Borough.

Borough Treasurer Watson reported a balance of $1694.58 in the Borough account, and $1476.56 in the Sewer fund.

Sewer Clerk Holweger, made his monthly report of sewer work as follows:

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

He stated it was too close to the sidewalk, and that the garage doors opened over same. Council agreed to take this up with the proper committee, and building inspector to give the matter attention.

Borough Engineer Mebus was informed Council had nothing particular to take up with him at this meeting, and he was excused.

Street Committee, Mr. Craven reported he had not as yet sold the heat unit. He informed Council he had received quotations from the Leicester Contracting Corporation of 304 Conestoga Road, Wayne, Pa., on a Colas sprayer of $145. The question of a $5.00 plumbing permit for replacing fixtures at property on Byberry Avenue belonging to Mrs. Mary Rodrock was discussed. On motion of Binder, seconded by Krewson, it was decided to refund this charge if no alterations are made.

On motion of Binder, seconded by Craven, the Borough Solicitor was requested to prepare an ordinance prohibiting all night parking in the Borough. It was also decided to enforce strictly the dog quarantine.

Council's attention was brought to the dilapidated and bad condition of garage in the rear of building on York Road owned by the Fidelity-Philadelphia Trust Company. Burgess Wilgus agreed to write them regarding same.

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

Street Committee, Mr. Craven advised Council he had received a letter from the Biruminous Service Company quoting rates on oil for Moreboro and Academy Roads. He recommended that work be done on these streets at a cost of less than $500. On motion of Craven, seconded by Binder, it was agreed to do the work.

On motion of Craven, seconded by Binder, it was agreed that the Borough should make application for County aid for work on Moreboro Road from Crooked Billet Road to the Upper Moreland line; providing Upper Moreland Commissioners also make application for extension of this road.

After considerable discussion, on motion of Craven, seconded by Binder, it was decided to remove Mr. Forien as Chief of Police and make Mr. Holweger chief at a salary of $110 per month as of May 15. When Mr. Forien was informed of this action, he immediately resigned.

Mr. Harvey McCall, representing the American Legion, was present and asked for a contribution for Memorial Day, not to exceed $50.00. On motion of Craven, seconded by Binder, same was granted.

On motion of Craven, seconded by Binder, Council agreed that if any trouble started at the Oscar Nebel Hosiery mill, the Borough would request the Sheriff of Montgomery County to send necessary police protection; providing the Oscar Nebel Company would pay the expense. The secretary was directed to convey this informati on to Mr. Harry Schoenhut, and to get his reply.

It was decided to have clean-up days on the 17th and 18th of May, and to have same properly advertised.

The Secretary was requested to bill Upper Moreland Township in the amount of $236.78, for their share of expense in connection with the sewage disposal plant.

Sewer Committee, Mr. Binder reported the daily average flow at the disposal plant was, Hatboro 336,441 gallons, Upper Moreland 77,915 gallons, or 19%.

An ordinance prohibiting buildings being built nearer than twelve feet from the curb line in the Borough of Hatboro was passed on motion of Craven and Binder.

An ordinance prohibiting parking on streets or highways of the Borough between 2 o'clock A.M. and 6 o'clock A.M., was passed on motion of Binder and Craven.

The question of considering a community building was discussed and on motion of Binder, seconded by Craven the Secretary was requested to send cards to the residents of Hatboro, whereby they could designate whether or not they were in favor of it.

Street Committee, Mr. Wilmer Craven reported the streets that had been repaired and patched during the month, and called attention to the Public Utilities Committee that requests had been previously made for additional light on Manor Road by Lewis Marino and on Windover Road by Mr. Hill. This request was turned over to the Public Utilities Committee for their further consideration at the next meeting of Council.

Mr. Craven further informed Council that he could buy about 90 feet of 42 inch corrugated pipe from Mr. Charles Fraiman at the asking price of $75.00 and that it could be used on Wood Street. On motion of Davis seconded by Hamburg, he was authorized to purchase same at the best possible figure.

Letter was received from Upper Moreland Township addressed to Mr. Craven quoting a price of $75.00 for their snow plow. Council seemed to think this price was too high, and the matter was left in the hands of the Committee with instructions to use their judgment and buy it if they think it advisable.

On motion of Craven, seconded by Hendrick, it was decided to place a telephone in the home of Chief of Police, William Holweger, same to be in his name at the cost of $3.00 per month.

Copies of the minutes of the previous meeting having been forwarded to the respective Councilmen were approved.

Mr. Craven also informed Council that he had gotten Mr. Hungerford's consent to open up culvert back of Suntheimer property and that the cost would be approximately $150. On motion of Chatburn seconded by Hamburg, work was authorized to be done.

Mr. Craven also informed Council that he could secure some 10 inch pipe to run from Williams Lane to the Creek along the Suntheimer property. This was discussed and it was decided that it would be given further consideration at a later meeting and possibly larger size pipe could be secured.

Sewer Committee, Mr. Davis presented a complete report of the activities of his committee and further reported that the flow at the disposal plant for the monthly period ending September 15, 1938 was for Hatboro 7128020 gallons, Upper Moreland 3081130 gallons, Upper Moreland share being 30%. The secretary was requested to bill Upper Moreland at the proper time. On motion of Hendricks seconded by Davis, it was decided to have one of the manholes raised, cost of which will be very little.

Mr. Davis, Chairman of the Sewer Committee, made his report of the activities of his committee and reported that the flow at the disposal plant for the monthly period ending May 15, 1939, was for Hatboro 15524750 gallons, Upper Moreland 3647420 gallons, Upper Moreland's share being 19%. The secretary was requested to bill Upper Moreland at the proper time.

Council agreed to meet with Upper Moreland Township when such matter of meeting could be arranged to discuss matters with reference to the disposal plant.

Mr. Davis, referred Mr. Mebus, Borough Engineer, to his letter of March 13, in which he had recommended, due to the high flow at the disposal plant, the use of two additional airerator tanks.

Mr. Davis, stated that the use of these extra tanks had made for a definite increase in the monthly Electric power bill, and asked, that when the flow returned to normal, if the use of these additional tanks could not be discontinued.
